**Subject:** Dimock -- proposed response to LaRue

Steve --

Attached please find my markup of the letter Shawn Garvin intends to send to Clyde LaRue, of the pro-drilling citizens group, Enough is Enough.

As you can see, I am recommending just a few substantive changes, along the lines of what we recommended on earlier communications at Dimock. I have proposed other changes to correct grammatical errors.

It is my understanding that the Region intends to send this letter today. In the interest of time, I am forwarding this to you now, without having had an opportunity to discuss my specific comments with OSRE or anyone else here in OECA. That said, these largely echo what we said on earlier draft communication documents, and I trust my colleagues here will find them noncontroversial.

I just now left a message for David Bloomgren, in EPA's press office, to ask that he review our proposed comments, too. David participated in this morning's Dimock call.

If OSRE and you agree, I think it might be good if you forwarded this markup to Region 3 for its consideration.

If you have any questions, please do not hesitate to call.

Thanks in advance.
